### DEFINITIONS

**TONGUE (N):** manner or quality of utterance with respect to tone or sound, the sense of what is expressed, or the intention of the speaker : the power of communication through speech.

### QUOTES

"The true test of a man's spirituality is not his ability to speak, as we are apt to think, but rather his ability to bridle his tongue."

... Kent Hughes

"A corrupt and unholy heart eventually will be exposed by corrupt and unholy speech. If the tongue is not controlled by God, it is a sure indicator that the heart is not, either."

... John MacArthur

"Horizontally, death and life are in the power of the tongue (PROV 18:21). The temptation is to think, 'But I'm not doing anything. It's only words.' But words alone can bring a government down or establish peace, destroy a marriage or renew hope, crush a child's sense of worth or lift him to confidence and joy, unify a church or splinter it into angry factions, send a soul to hell or to heaven. When we observe carefully the impact of our words, we see why God cares so intensely about them."

... Ray Ortlund
